

# Class Spotlight

Preschool Blue Group

## Track Creation

1. The children were all racing their cars on the top of the cupboard. We had a small group discussion to see what we could do to make this better

2. We jumped onto Teachers Pay Teachers and looked for some tracks that we all liked.

3. We printed the track out and then waited impatiently for Ms Hinton to cut, laminate and then cut these again!

4. As Ms Hinton was putting this together we were driving over her fingers! So exciting!

5. Now it is finished, we can drive on the top and sides of the cupboards! We had so much fun creating and playing with this new resource.
