Dear families

### Reports:

In week 10 of this term, you will be receiving your child's report for Semester Two. There should have been no surprises in this report as your child's teacher and you will have had conversations about progress through 3 Way Conferences so you should know how your child is going.

One point that sometimes does surprise parents is the grade that your child gets from A to E. We often consider a 'C' grade to be not very good but in fact it means that the student is performing at the expected year level and that is good. It is where the majority of our students are placed.

Below are the definitions of the A to E grades that teachers will be giving students.

A = Evidence of learning demonstrates outstanding achievement at this year level.

B = Evidence of learning demonstrates high achievement at this year level.

C = Evidence of learning demonstrates sound achievement at this year level.

D = Evidence of learning demonstrates limited achievement at this year level.

E = Evidence of learning demonstrates very limited achievement at this year level.

### Multipurpose Refurbishment:

Our ongoing building projects, including the recently completed Bike Shed, now lead us to refurbish the Multipurpose/Learning Hub. This includes new fencing, painting and minor interior and exterior works to ensure it is ready for our preschoolers for 2024.

The plan is for the Preschool to relocate to the Big School for 2024, while the preschool gets demolished and a new preschool built on the existing site.

### Happy Holidays:

This is our final newsletter for the year, heartfelt thanks to the incredible Parap community for your support. Congratulations to our graduating Year 6 students and the preschoolers eagerly transitioning to the next stage post-holiday break.

I wish you all a safe and joyful holiday season. If you're heading away, please travel safely and relish your special family time. I eagerly look forward to seeing you all again in the New Year!

Best wishes,  
Bianca Hyke
